29-671.0 Kumeyaay Lake Berm Replacement

Council District: 7

Community Plan: Mission Trails Regional Park

Description: This project provides for the design and reconstruction of a berm on the Kumeyaay Lake at the Mission Trails Regional Park. The lake provides habitat for a variety of resident and migratory waterfowl as well as other riparian birds.

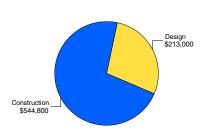

Justification: The berm was breached during the 1995-1996 rainy season. Since that time, the San Diego River has been flowing through the Kumeyaay Lake accumulating sediment in the lakes and lowering the water table of the adjacent CalTrans State Route 52 wetlands mitigation to detrimental levels. This has caused an increase in invasive water hyacinth within the lakes. The hyacinths are washed down the river from upstream areas. This plant is foreign to this area and spreads quickly in the slow moving flows. Water hyacinth can choke a lake with its prodigious rhizomatous reproduction if unchecked. It can consume the available waterborne oxygen, which can lead to fish kills.

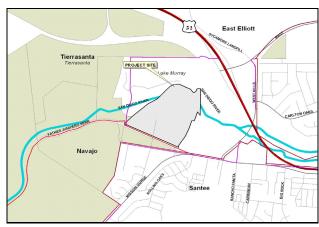

Operating Budget Effect: The operating budget effect will be determined upon completion of design.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Design and construction will be scheduled when funds are available.

29-495.0 La Jolla Cove - Comfort Station Improvements

Council District: 1

Community Plan: La Jolla

Description: This project provides for an upgraded family-style restroom that complies with Americans with Disabilities Act (ADA) requirements.

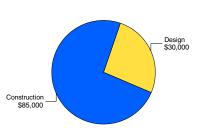

Justification: The existing shower facilities are inadequate. A family restroom allows a child to be accompanied by a family member to ensure the child's safety.

Operating Budget Effect: The operating budget effect will be determined upon the completion of design.

Relationship to General and Community Plans: This project is consistent with the La Jolla/La Jolla Shores Community Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Construction is scheduled in Fiscal Year 2004, using continuing appropriations.
